STEEL STRIKE SETTLES DOWN TO FINISH FIGHT KING OF ITALY SUMMONS COUNCIL OF LEADERS AT ROME

FIRST BLOOD SHED IN INDUSTRIAL CLASH; MILLS ARE PICKETED

Quiet Prevails Today, Although Two
Were Killed and Eleven Wounded
Last Night.

BIRMINGHAM DISTRICT FEELS THE EFFECTS OF STRIKE ONLY SLIGHTLY

Union Officials Claim Complete Tie-Up, But
Many Mills Are Operating. Woman
Wounded When Home Fired On.

(International News Service.)
Pittsburgh, Sept. 23.—Attended by sporadic outbreaks of disorder the big steel strike swung into its second day with the iron and steel industries partly paralyzed. Returns show that while the immediate Pittsburgh district continued operations, other centers were seriously crippled. Union leaders appear very optimistic over the showing today. "All over the country our reports show that the tie-up is complete," said William Foster, secretary of the union. "Our Birmingham headquarters wired us that outside of a few men working there the mills are closed down."

(International News Service.)
PITTSBURGH, Sept. 23.—After a night of incipient rioting in half-a-dozen towns in the Pittsburgh district, during which two persons were killed and 11 wounded, the situation in the strike areas was reported quiet this morning. State troops, reinforced by police and deputies, were everywhere in evidence in the mill towns, patrolling the streets and preventing anything that gave the appearance of crowds or congestion about the mill entrances or in the streets. The principle disorders occurred in Farrell, Newcastle and Donora. There were minor disturbances in other cities, none of which attained the seriousness of these three points. In Farrell two men were killed and 3 injured.

Included in the seven people shot in Newcastle were two women. Hundreds of shots were fired. Another man was shot in Donora, where there were slight disorders when the night shift came on. Further trouble is feared today, as orders were issued from strike headquarters to the strikers to picket every plant in the district. There was little picketing done yesterday. Both sides had apparently settled down today for a finish fight. At strike headquarters it was asserted that the number of men out on the first day have been greatly increased. The operators maintained their usual silence, but all the mills that opened yesterday continued operations today.

Opinions as to the probable duration of the strike varied here today. Wm. C. Foster asserted that the strike would last "until Elbert H. Gary agreed to meet representatives of the workers in conference."

SURPLUS OF MEN

(International News Service.)
BIRMINGHAM, Ala., Sept. 23.—Unless unforeseen developments arise this district is in a fair way to live through the steel strike without knowing there is a strike except by reading the newspapers carrying stories from the northern and eastern districts affected by the nation-wide strike called last Monday. Less than 500 men have responded to the strike call here. There was a surplus of men at the Tennessee Coal, Iron & Railroad company plant at Ensley this morning when the day shift went on.

Less than 500 men responded to the strike call and contrary to claims of union leaders that others would walk out today, a canvass of the plants here revealed that many of the men are returning to work.

Every plant in this district is running full blast and according to employees and subordinate officials the output has not been affected by the strike. Officials of both the union and the mills remain silent today. Union officials are continuing their work of organizing and are openly declaring they will soon make a showing and that "it is a strike to the finish."

TWO FOREIGNERS SHOT

(International News Service.)
SHARON, Pa., Sept. 23.—Two foreigners were shot here this afternoon in a resumption of the rioting which started last night. Both were wounded severely. The shooting followed the assembling of a crowd of strikers at the entrance of the American Steel & Wire Plant who were ordered by the mounted constabulary to move on. When they refused the troopers charged at the crowd and many shots were fired.

WOMAN IS VICTIM

(International News Service.)
BUTLER, Pa., Sept. 23.—An innocent woman, the wife of a non-striking employee of the Standard Steel Car Works, was fatally wounded here today when shots were fired through a window into the house of Michael Thompson, who was injured.

UNCLE SAM MAY ACT

(International News Service.)
CLEVELAND, Sept. 23.—That the next important move in the steel strike situation is expected from Washington was the declaration of Henry W. Rains, steel strike leader in the Cleveland district, today.

"Within the next few weeks some interesting developments can be expected at Washington when the senatorial committee investigation proposed there yesterday gets under way," he said.

Color to reports that the government may take a hand in the strike was lent by the presence here today of John D. Lyon, conciliator of the U. S. department of labor.

PLANT CLOSES DOWN

(International News Service.)
YOUNGSTOWN, O., Sept. 23.—Following dismissal of 700 men who had appeared at the Ohio works of the Carnegie Steel Company, and the blowing of the furnaces, steel strikers realized today that the steel strike will be a fight to a finish. The first trouble came today when an unknown negro fired several shots at members of the American Legion in uniform who were patrolling the residential sections. Hundreds of soldiers have been sworn in for patrol duty, and all are members of the American Legion.

25,000 MEN OUT

(International News Service.)
CLEVELAND, Sept. 23.—With the steel industry of the Cleveland district in a state of paralysis, the steel strike entered upon its second day. Strike leaders today predicted that 25,000 men would be out in this district before the day was over.

CHICAGO REPORTS DIFFER

(International News Service.)
CHICAGO, Sept. 23.—The second day of the steel strike found both sides in the Chicago district fighting to gain the mastery left undecided by the first day's developments. Union leaders profess satisfaction with the number of men who walked out. Steel officials declare that the number of men on strike has been greatly exaggerated.

FINE JERSEY HERD IS BOUGHT FROM CLOPTON-TAYLOR

Announcement was made today of the sale by F. E. Taylor and J. W. Clopton of a fine jersey herd to Troup and Poynter who will operate a dairy farm across the Tennessee river near Harris station. The entire output of the farm has been contracted for by the Decatur Ice Cream and Creamery company, of which Mr. Clopton is the head.

The herd consists of 20 extra fine jersey cows and a registered bull. The herd was collected by Messrs. Clopton and Taylor at their farm near here, Watercrest. The herd was passed on by the dairy husbandman at Auburn and pronounced one of the best he ever inspected. The herd was delivered yesterday afternoon and attracted much attention as it was loaded at the ferry landing.

PAYS \$71 PER FOOT FOR MOULTON LOT

A new high record for realty values was hung up in Moulton yesterday afternoon when a lot with a frontage of 28 3-4 feet was sold for \$1900, an average of \$71 per front foot. The property was sold by Circuit Clerk Will Jackson under a decree issued out of the chancery court.

It was bought by the Citizens bank, the bidder up being Amos Alexander, a negro. The lot is located on the square facing the Lawrence county courthouse.

VIENNA SUFFERS COAL SHORTAGE

(International News Service.)
VIENNA, Sept. 23.—This city is completely paralyzed by the coal shortage. The tram cars have stopped running and the factories are threatened with a shut-down.

Whitman Enters \$200,000 Class

E. D. Whitman, member of the popular firm of Penney and Whitman, has won a vacation trip to Cuba for his remarkable record for insurance sales. Within sixty days Mr. Whitman entered the \$200,000 class. He produced \$125,000 for one company in July. He is highly complimented for his work in this month's Jeffersonian, the nationally circulated periodical of the Jefferson Life Insurance company.

Unique Advertising For Church Services

Rev. Herman L. Turner, pastor of the Columbia Avenue Presbyterian church, Sheffield, conceived a unique idea of advertising the revival meetings to be held at the church this week under the leadership of Dr. Goodwin, of Albany.

Diamond-shaped advertising cards were procured, and Dr. Turner, with a group of boys for assistants, covered the city Saturday night, hanging one on nearly every door-knob in town.

Sunday morning the cards were in evidence, swinging in the wind, and attracting much attention.

"You have to advertise," said Dr. Turner this morning, "and I can safely say our meetings this week have been well advertised."

The churches have recently begun to realize that they come in direct competition with other things that draw people, and that if they get their share of public interest they must advertise their services.—Tri-Cities Daily.

LYNNE TALKED OF AS CANDIDATE FOR STATE'S GOVERNOR

Friends here of S. A. Lynne, prominent Decatur attorney and representative of Morgan county in the house, have been greatly interested in the stories from Montgomery mentioning the name of Mr. Lynne as a possible candidate for governor in the next Democratic primary.

Representative Lynne now is looked upon as the administration leader in the house and has had personal charge of many of the fights waged by Governor Kilby and his advisers for administration measures. He is well known among all of the attorneys of the state and is popular. Mr. Lynne has been in the state senate also.

Senators Carmichael and Acker, members of the present senate, also are being mentioned and friends of Lieutenant Governor Miller declare he will be a candidate, press dispatches from the capital declare.

Judge William W. Brandon, of Tuscaloosa, who was a candidate against Governor Kilby, may or may not decide to make the race again, but friends declare he will. Brandon carried Morgan county in the last campaign and was runner-up to Kilby. The prohibition amendment, openly advocated by Kilby, is generally conceded to have had great weight in the primary fight and with that disposed of, friends of Brandon insist he will make even a stronger race than he did last time.

ROAD BILLS NOW BEFORE THE HOUSE

MUCH TIME TAKEN UP TODAY
DISCUSSING RAISE FOR
JUDGES.

(International News Service.)
MONTGOMERY, Sept. 23.—On plans tentatively agreed upon Monday night the road building plan of the state will be complete in the house today through the adoption of two measures—the Arnold bill creating a highway department and the bill of Senator Craft authorizing the issuance of \$25,000,000 worth of road bonds.

Representatives of the common schools are here today protesting against the chopping down of the appropriations for the schools.

Senator Phillips has announced he will allow his constitutional convention bill to die on the calendar and the senate bill for enlargement of the powers of the public utility commission.

Much of the time of the house this morning was taken up in opposition to making the salaries of circuit judges \$4,000 annually, before the Confederate pension bill has passed.

Representative Baker's bill, prohibiting the manufacture or sale of appliances for making liquor, was passed. A measure providing for the registration of absent voters was passed.

Revival Continues Two More Nights

Revival services at the Church of Christ, Jackson Street, will continue throughout tonight and tomorrow night, it was announced today. The services are being conducted by Evangelist J. T. Clark, and much interest is being shown.

FIGURES PROVE OSAGE INDIANS ARE WEALTHY

(International News Service.)
PAWBUKA, Okla., Sept. 23.—The Osage Indians here are wealthy. There is no doubt of that, and here are the figures to prove it.

On the Osage Indian payrolls are 2,230 persons, who are entitled to royalties. During 1918 they drew \$4,500 per capita, or a grand total of \$10,035,000. In the first seven months of 1919 they have drawn \$2,500 per capita royalty, or \$5,575,000.

JOHNSON BUILDING BOUGHT BY PETTEY

Albany Physician Purchases Four-Story Structure and Will Greatly Improve It.

Dr. F. P. Pettey, prominent physician, today purchased from E. S. Johnson the four story building on the corner of Grant street and Second avenue, known as the "Johnson building" and will improve it at once. The consideration was not made public. The property was acquired as an investment, Dr. Pettey stated.

The building is the highest in Albany and located on the corner of two of the principal business thorough-

fares and at the transfer point for all street cars, is considered one of the most desirable business blocks in the city.

Dr. Pettey stated today that improvements of the building will be started immediately. The brick walk on Grant street and Second avenue will be replaced with concrete and the shed over the walk will be torn down.

Mr. Johnson will continue to occupy the building until the first of 1920.

PRESIDENT SPEAKS BUT ONCE TODAY; PARADES AT OGDEN

Executive Will Conclude Swing Around the Circle in One More Week.

MARSHAL GOES BACK

(International News Service.)
COLUMBUS, O., Sept. 23.—After stating that four reservations to the Versailles treaty may be adopted before the senate ratifies it, Vice President Marshall is en route to Washington today.

(International News Service.)
ON BOARD.—President Wilson's train en route to Ogden, Utah, Sept. 23.—With seven days yet remaining

of his present "swing around the circle," President Wilson spent most of today on his special train running over the Rocky mountains. He was scheduled only to make one set address today—at Salt Lake City, in the famous temple. But the monotony of the long journey was to be broken at Ogden this afternoon, where the president and his party will participate in an automobile parade. One week from today the 10,000 mile journey is scheduled to end with the President's arrival in Washington.

MUCH INTEREST IN "VOL" SERIES

Much interest is being shown in the series to be played here the latter part of the week between the re-organized Albany-Decatur team and the Nashville Vols. The Tennesseans will arrive here Friday morning for the first game Friday. A double header will be played Saturday. Manager Scott has not yet announced his battery for the opening contest.

The games will be called by Don Ballard, formerly an umpire in the Georgia-Alabama League. He was recently discharged from the army as a lieutenant-colonel.

TIME FOR TRIAL OF EX-KAISER NOT FIXED

(International News Service.)
LONDON, Sept. 23.—The exact time of the trial of the ex-kaiser will not be fixed until three of the allied powers ratify the peace treaty, according to the Daily Express.

ROSTAND SERVED MILD AND STRONG DRINKS FROM BOTTLE WITH BIRD IN IT

Magician at the Masonic Does Startling Stunts. Communes With the Dead.

The nation-wide prohibition law didn't worry Rostand, the magician, at the Masonic theatre last night, for he served everything from "I. W. Harper" to grape juice to members of a committee who occupied the stage—and it all came out of the same bottle. Marvin Rankin, A. D. Cohen, R. T. Sheppard, Frank Inman, S. M. Winton and Mr. Upton were these who "took one" on the clairvoyant, and they all admitted today that he delivered the genuine article. "Four Roses" was a favorite beverage, being called for by Winton, Rankin and Inman. Upton demanded "I. W. Harper," while Sheppard sampled a Coca Cola and Cohen a grape juice. After acting as bartender, Rostand registered a grave face and announced that he had made a mistake and had served his customers from his "poison" bottle. Then he smashed the bottle and a pigeon flew out.

This was but one of many marvelous stunts done by this clever magician, who especially interested the audience when he communed with the

spirits of the dead and gave true-to-form descriptions of three men who had departed this life. The names were drawn from a hat, were written inside sheets of paper that had been folded three times, the folded papers being drawn from a hat held high above the magician's head, and passed on to members of the committee to hold. Rostand selected the papers containing the names from a hatfull of blanks, never once making a mistake and never even glancing at the paper that he had drawn out.

The "fire act," the last thing on the program, was the most spectacular of all. Rostand, by merely pointing his finger at a newspaper that he held in his other hand, caused it to burst into flames, and at the same moment a newspaper held by a man on the front row also broke into a bright blaze. Then a man in the audience held up a \$1 bill and challenged the wizard to make it burn. As the audience sat open-mouthed, the bill began to smoke, then burst into flame and was entirely consumed.

FIUME SITUATION GROWS ALARMING; GENERALS RELIEVED THEIR COMMANDS

Men High in Council of Nation
Summoned by Monarch to
a Conference.

CHAMBER OF DEPUTIES MEETING POSTPONED

D'Annunzio Threatens to Blow
Up City Rather Than to
Surrender It.

(International News Service.)
PARIS, Sept. 23.—Another message, it was understood, arrived at Paris this morning from President Wilson which may result in the settlement of the Fiume problem along lines of compromise suggested by the French.

(International News Service.)
LONDON, Sept. 23.—The Canale d'Italia, of Rome, announces that Tommaso Titeni has resigned as Italian foreign minister as the result of the Fiume situation, said a dispatch today.

TROUBLE IS FEARED

(International News Service.)
PARIS, Sept. 23.—American delegates to the peace conference expressed fears today that if d'Annunzio carries out his threat to blow up the port of Fiume the Jugo-Slavs will retaliate with force of arms and thus create a situation which may spread to open warfare throughout the Balkans. It may be stated that neither the British nor the French favor any compromise which does not carry with it the internationalization of the port of Fiume.

COUNCIL SUMMONED

(International News Service.)
PARIS, Sept. 23.—King Victor Emanuel has summoned a council of the leading political leaders and chiefs of the army and navy to consider the Fiume situation, said a Rome dispatch today. The convocation of the chamber of deputies has been postponed until September 27, as a result of the uncertainty. Meanwhile three army generals have been relieved of their commands. It is reported from Fiume that the troops under Capt. d'Annunzio are prepared to "blow up the city rather than to surrender it."

The greatest mystery prevails over the action to be taken at the council, added the dispatch.

Boyd is Hearing Non-Jury Cases

Judge Romaine Boyd, of Birmingham, is presiding at this week's sessions of the circuit court. He is hearing non-jury civil cases.

Judge Boyd is the third judge to sit here during the present term of court. Judge Floyd Tate, supplementary judge of Alabama, was the first and was succeeded by Judge Horace Wilkinson, of Birmingham, who was, in turn, relieved by Judge Boyd to allow him time to move his household effects from Montgomery to the Magic city.

Judge Suffers Sprained Ankle

L. P. Troup, judge of probate, is confined to his home with a badly sprained ankle. The injury was suffered last night when Judge Troup started to town after a bottle of medicine. It is expected he will be out again in a few days.

Automobile Hospital Opens on Lee Street

Moore & Miller have opened an automobile repair shop on Lee street next to Foster H. Pointer's wholesale produce house. The "Automobile Hospital" is prepared to make repairs with dispatch and guarantees prompt service. Telephone them when you need their services or stop in and see them.

(Paid Political Advertising.)
We are authorized to announce **Hodges Crow** as a candidate for Tax Collector of Morgan county, subject to the Democratic primary. Your vote and influence solicited.

PLAUDITS FOR REED

James A. Reed, senator from Missouri and alleged democrat, received a tremendous ovation at the conclusion of his four-hour speech in the senate yesterday against the league of nations, so the press dispatches say. The applause came from the galleries, and not from the senate. This is proof positive that the galleries had been packed with a motley throng in sympathy with the rabid views of the senator. Had Judas Iscariot been the orator the tumult would have been just as stirring. This was merely an instance where an audience went to cheer, and having no other business there, it cheered. It was purely a trumped up effort to make it appear that the views of Reed are popular at the national capital. Benedict Arnold or any other "celebrity" could easily have filled Reed's shoes without lessening the demonstration.

OIL POSSIBILITIES OF MORGAN COUNTY

For many, many years the belief has prevailed that oil exists in Morgan county. This belief is not founded on superstition, upon a blind and unreasoning faith, or on the dreams of speculators. Eminent geologists, scientific men whose opinions are of the greatest value, have gone on record as declaring that the precious fluid can be found here if wells are bored and bored deep enough. In addition to this expert opinion, drilling in the past has had certain results, just exactly what cannot be definitely stated, as much that is rumor is mixed with the reports of these activities. At any rate, it is known beyond a doubt that the citizens of Huntsville at one time burned natural gas, a statement that can be easily verified by consulting the newspaper files of that and other cities. And it is also a tradition that gas was once struck in Albany during the processes of drilling for water, and that the well was plugged up to remove fire danger to an industrial plant.

Another interesting fact in connection with the oil possibilities of this county relates to the visit paid to London some years ago by Mrs. W. B. Edmundson. While there she was prompted to call at the offices of the Hungarian oil king, who is the John D. Rockefeller of Europe, in the hope of interesting him in the local oil situation. She was told that this oil magnate did not care to invade American territory, but preferred to confine his activities to the Continent, where the picking was good and the competition light. To her surprise, however, the business manager for this petroleum baron, with whom she conversed, drew from a pigeon hole complete information concerning attempts to find oil here, and even told her that four wells have been bored, when she only knew of three, although on the ground. She was later convinced that his statements were true and that his knowledge of the situation was superior to her own, thereby proving that the Morgan county oil field had seriously attracted the attention of big oil interests.

Discovery of oil in this immediate territory would assure an era of prosperity and development almost undreamed of. Digging for oil, whether successful or not, would forever solve a question that will not down. An enterprising citizenship will never be exactly content until it is known for sure whether oil flows beneath the soil of Morgan county. It is for this reason that this article is written—to throw out the suggestion that Morgan county capital that is now being invested in oil enterprises of other states should be used to test our own possibilities. The oil game is a speculative one, at best, and money spent in boring into the earth of this county might bring wonderful returns.

JOURNALISTIC (Montgomery Journal.)

Asa Rountree, Jr., has become general manager of the Dixie Manufacturer, published at Birmingham, after having served as editor-in-chief of the Crimson and White while at-

tending the State University, a position of high honor, and is conferred only on the talented and deserving. He acquitted himself with honor, and that he has inherited journalistic talent from his gifted father has

demonstrated in a critical field of first endeavor. The Dixie Manufacturer is printed on heavy calendared paper, and the copies before us contain many beautiful illustrations, and its prosperity is evidenced by well filled advertising columns. The Dixie Manufacturer deserves the success it is meeting, and has already proven an important factor in the upbuilding of the Birmingham mineral district, and helping to put Alabama on the map. The Journal wishes the Dixie Manufacturer a full measure of success.

JUST IN PASSING**MARINE SOLDIER NOW A RESIDENT OF TWIN CITIES**

One of the few if not the only marine infantry soldiers in this section of the country is now a resident of the Twin Cities. He is J. J. Durrett, a brother of R. R. Durrett, and the brothers are employees of the L. & N. shops. J. J. Durrett volunteered in the marine branch of the service soon after war was declared and was transferred from Nashville, the place of his enlistment, to Paris Island, S. C., where a regular marine station is maintained. In the summer of 1918 young Durrett was transferred to France, and first entered the fighting at St. Mihiel, where he had his first experience in "going over the top."

"I was attached to the Second division of the army and was armed with a rifle preparatory to the regular fighting," said Mr. Durrett. "We went over at St. Mihiel, in the Champagne and in the Argonne. The latter place is often considered the hardest fought field, but we had our greatest losses in the Champagne. Out of two regiments alone in our division we lost more men than were lost out of an entire division of the regular draft army. Some of our companies would go in with 250 men and come out with only about a hundred. Of course, some of the lost 150 were minor casualties and were finally saved. We did not take Sedan with our section of the army, but after the armistice we marched through that town on our way to occupy our assigned part of Germany. There seemed to be no doubt among the inhabitants as to how we should be treated and accordingly our troops received very good treatment. Food was very scarce, but as we were fed

from our own field kitchens we suffered no lack. The only inconvenience was to put the enemy to was to have them furnish us with sleeping quarters."

HIGH VALUATION NOW PLACED ON HIS INVESTMENT**BUSINESS MAN DECLARES HE WOULDN'T TAKE \$500 FOR RELIEF TRUTONA GAVE.**

LOUISVILLE, Ky., Sept. 22.—"I believe I would have died, had it not been for Trutona, but now I feel good all over—just like a boy again and I wouldn't take \$500 for my relief." What could be more convincing than this sincere statement of W. H. Mattingly, a well known and highly respected business man of Jefferson-town? It is but one of thousands already given by those who have found in Trutona a medicine of unusual merit.

"For the past 25 years," Mr. Mattingly continued, "I have suffered from kidney trouble, nervousness and catarrh of the stomach. Weak kidneys compelled me to get up three or four times during the night and I often suffered severely from pains in my back, chest and stomach. The little food I ate didn't agree with me and I was usually constipated."

"I was so nervous I could hardly sign my name and often my signature was questioned at the bank. But I can't discern the least sign of nervousness, since taking Trutona. My bowels are acting regularly now, too. It just seems that everything I eat agrees with me, and I eat most everything. Why, I make a dollar roast look like thirty cents at a meal now. The pains in my back, chest and stomach have vanished, and I'm not annoyed at night by my kidneys now. Trutona is a real medicine and I'm pleased to recommend and commend it to the public."

Trutona is now being introduced and explained in Decatur by Decatur Drug Co., and in Albany by Preuit-Dillehay Drug Co.—Advertisement.

Habit of Decision.
Most people who have succeeded in any direction of activity can trace the measure of their success to the habit of deciding things for themselves. One of the greatest temptations we have is to confide in others. By yielding to it we not only become a nuisance to our friends but keep on lowering our own powers of resistance.

COAL PRICES SMASHED**COAL EXPERT TELLS HOW TO SAVE \$150 TO \$200 A TON ON BEST QUALITY COAL.**

"Under a plan which has been successfully operated for over fifteen years, coal users can now secure their coal direct from the best mines at a saving of not less than \$1.50 a ton, and through prompt action may effect a total saving of \$2.00 a ton," said S. Levy, General Manager of one of the country's largest coal brokerage concerns.

"This plan enables the user to secure the very best grade of whatever coal he prefers whether he uses Five Tons or a Hundred Tons a year." "Our offices in Chicago will gladly furnish detailed information to persons in any part of the country, showing how and when to buy their coal to the best advantage and at the biggest saving. Simply send your name and address, advising the kind of coal you prefer and you will receive full details free of cost or obligation, telling just what we can save you in dollars and cents. Write today."—BERNICE COAL CO., 334 Como Bldg., Chicago, Ill.—Advertisement.

**Look at the Essex**

Do as 10,000 Owners Are Doing. Compare Its Qualities With Large Costly Machines, the Only Type by Which Essex Performance Can be Compared

From this Viewpoint

We ask you to ride in the Essex that you may know how it matches the performance of costlier, larger cars.

Until you have experienced its performance you will not know that it is an unusual car.

Its size and cost naturally leads you to regard it as you do other cars of similar size.

But 10,000 owners and other hundreds of thousands of motorists know that except for its price, its size and the economy of its operating cost, the Essex bears no relation to even cars of the better quality light weight medium priced class.

Choose the Essex for Performance

Any Essex owner will tell you the most inspiring things about acceleration and speed.

We have many customers who tell us they prefer driving the Essex to any car they have ever known.

Its ease of operation, the power which eliminates much gear shifting, the speed that puts the Essex in the lead of any car they wish to pass, are qualities that account for much you hear among motorists.

Endurance too, Is Now Evident

Remember the Essex has seen hard service. Its performance range is so large, owners use

their cars on trips heretofore undertaken only by larger cars. The Essex has shown it has no narrow limitations. It is safe to use for any trip you would undertake with any automobile.

It meets every service and Essex owners tell their friends how little attention they are required to give their cars.

Let Those Qualities Decide You

Regard the Essex in the service you expect from it, as you would any car regardless of size or cost.

If the Essex were as large as the cars whose performance it matches, the price would have to be as high.

But because it has no useless length or useless weight, costly car quality in every detail, is possible with proportionate saving in cost.

Let us show you the Essex in the way that reveals its true qualities.

There is a five-passenger touring model, a sedan for five and the roadster.

Each is as beautifully and completely done as any car you could want. Think how people endorse the Essex. The sole reason for their enthusiasm is Essex quality.

Add your personal experience to what everyone is saying for the Essex.

DOINGS OF THE VAN LOONS

Ah, well, the taxis have to make a living!

Ugh! Calomel Sickens; Salivates! Please Try Dodson's Liver Tone

I am sincere! My medicine does not upset liver, and bowels so you lose a day's work.

Calomel loses you a day! You know what calomel is. It's mercury; quicksilver. Calomel is dangerous. It crashes into your bile like dynamite, cramping and sickening you. Calomel attacks the bowels and should never be put into your system.

When you feel bilious, sluggish, constipated and all knocked out and believe you need a dose of dangerous calomel just remember that your

druggist sells for a few cents a large bottle of Dodson's Liver Tone, which is entirely vegetable and pleasant to take and is a perfect substitute for calomel. It is guaranteed to start your liver without stirring you up inside, and can not salivate.

Don't take calomel! It makes you sick the next day; it loses you a day's work. Dodson's Liver Tone straightens you right up and you feel great. Give it to the children as well.

CONSOLIDATION'S ADVANTAGES SHOWN IN SUNDAY AGE-HERALD WRITE-UP

"Colonel Highpocket," After Being on the Ground, Declares That Future Growth of Albany-Decatur Retarded by Division.

After spending a few weeks in the Twin Cities, Mr. Caruthers, special correspondent of the Birmingham Age-Herald, converted the leading portion of his "write-up" of Albany-Decatur into an argument for consolidation. The article appeared last Sunday, and expressed the conviction that the future of the cities was radiant provided they buried factional differences and took advantage of their strategic location. Two pages were devoted to telling the world that the real North Alabama metropolis must eventually be here, the leading article being as follows:

(By COLONEL "HIGHPOCKET")

It is to laugh!

I have seen many amusing things in my life, but I must not use that favorite expression of mine in this case under the scalpel, as Tom Reed told me once when he was speaker during the Dingley bill session in the spring of 1887; when we democrats were hog-tied, when J. Ham was a simple—very astute—congressman from Seattle, when Williams of Mississippi and the Ebbitt hotel lady-killer, Joe Bailey of Texas, were also in the lower house and disputing for the leadership of the party which—what ever its sometime mishaps—has always in the long run proven to have been in the right. I must not use that favorite expression of mine, for, as Tom Reed told me, "a tragedy is not supposed to be amusing."

I remember his laugh. He had a wholesome laugh. It bubbled up from away back in his interior, it was good to listen to. I reckon he learned to laugh that way while he was teaching school in the Sierras of California.

"Don't say," he said, "it amuses you." Say that it intrigues you.

So I will not say, after spending two weeks in a city which I have learned to love, which no normal man cannot wish to make his home—and I have lived in some of the garden spots of the world—that Decatur, Ala., and its overgrown child, Albany, are amusing. I can but record the fact that of all my happen chances this has been the most intriguing of my life.

Just imagine for a moment. Everyone has heard the song, "Way Down in Tennessee." I heard Canuck men and women who never had seen Tennessee bawling that good old song with real tears in their eyes when I was teaching school in the territory of Dakota near the Canadian line when I was young and life was good. I am a Louisianian and Tennessee—although

I was further north at the time—sounded like north to a Pelican, yet when I sensed something of the attraction of the Tennessee valley through the rapt eyes and longing voices of those hard-bitten children of so far north who were homesteading, fighting prairie fires, early frosts, 40 below for months in winter, thanking God for their opportunity to conquer the west and rearing the children who in the last few years have helped show the Hun the folly of his ways.

The Tennessee valley, the best part of it in Alabama, who has not read of it? Who does not love the music of its name? How many, even among its own dwellers, know its potentialities?

Twice in my life I passed through it at night on a troop train when Mark Hanna was actual President of the United States, and southern volunteers were not even markers for the dominoes in his game.

After Two Weeks

Now I have spent two weeks in the heart of it and I can understand what we fly-fighters of Cheamanga heard the negro roustabouts sing at the steamboat landing at Chattanooga one day in '93:

"Oh, child, what is your gwine?
I's gwine down the Tennessee.
I's gwine down ter dat Decatur,
What the city's gwine ter be."

Where the city is going to be!

In the earliest days of the trek from the Atlantic seaboard there were men cabined where Decatur now sits serene, yet anxious; anxious as a mother is who sits up late of night and listens for the footsteps of her son and wonders why he does not be at home in the evenings as he did when he was a child to hearken and lend his advice to her plans to make their future secure.

Serene and beautiful, not the loveliness of hectic youth, but the gracious beauty of middle age, Decatur dwells on the southern bank of the Tennessee river and watches her child grow, her child whom she named New Decatur and who, in a fit of peevishness, changed his name two years ago and is now known as Albany.

Decatur and Albany! Why?

Ever since the pioneer first pushed out into the beyond, there has always been a settlement at this strategic point for the control of the Tennessee valley. In early days that meant military domination, it does yet.

What meant military control in the days of conquest, means today commercial control.

Decatur and Albany have part of their rightful heritage. They should have it all. They have not. Why? Because they are pulling apart, when they are so closely conjoined that no stranger within their gates can tell where one ends and the other begins.

Some Past History

Hereby hangs a tale.

At the time of the war for states rights Decatur was a town of some 1500 souls. She took her dose of "benevolent assimilation," sometimes called "reconstruction," and survived. Even partisan hate cannot obliterate a strategic point. In 1873 she had a population of 2500, and kept on growing with her river and railroad trade until in 1886 she had to expand or stifle.

There was, and is yet, coal, iron, kaolin, glaze sand, plate glass sand, copper, lemons, lime, limestone, mica, gypsum, alum, brick clay, porcelain clay, and gold within the mountains near her. She even has ore within a few miles of her, which by the cyanide process yields \$75.00 per ton.

The reader will naturally wonder why Decatur is not another Birmingham, or rather why Decatur was not a great industrial city before Birmingham. There are several reasons, some fate, one foolishness.

In 1873 some English capitalists became interested in the Tennessee val-

CAMELS are in a class by themselves—easily the most refreshing, the most likable cigarette you ever smoked. You can prove that! Simply compare Camels puff-by-puff with any cigarette in the world at any price! Put quality, flavor and cigarette satisfaction to the utmost test!

Made to meet your taste, Camels never tire it, no matter how liberally you smoke them! The expert blend of choice Turkish and choice domestic tobaccos makes Camels delightful—so full-bodied, yet so fascinatingly smooth and mellow-mild. Every time you light one you get new and keener enjoyment!

Freedom from any unpleasant cigarette after taste or any unpleasant cigarette odor makes Camels as unusual as they are enjoyable.

In fact, Camels appeal to the most fastidious smoker in so many new ways you never will miss the absence of coupons, premiums or gifts. You'll prefer Camel Quality!

Cigarettes

Consumers:—

Insist on your merchant giving you "Sunlight," "Ready" or "St. Mary's" Flours. Best flours on the market for the money.

NUX-IRON

TONIC

With Paw-Paw Added

THREE POWERFUL FORCES IN ONE

PUT UP IN LIQUID FORM

Mr. W. H. Henderson, of R. F. D. No. 6, Concord, N. C., a farmer by occupation, says: "I have been a sufferer from Rheumatism for several years and my whole system was run down and completely out of shape all the time. I purchased a bottle of Ironized Paw-Paw from the Pearl Drug Co., and almost from the first dose I have felt like a new man. My suffering has disappeared, and I cannot recommend your Ironized Paw-Paw too strongly as my own experience makes me give you this testimony so that others can be benefited."

Your druggist probably keeps it, but if he doesn't, call at any Albany druggist.

Ironized Paw-Paw (liquid form), has the formula on every bottle. Mail orders promptly attended to Interstate Drug Co., Inc., New York—Advertisement.

THE BEST FICTION EVER PUBLISHED BY A DAILY NEWSPAPER

The Birmingham News Will Print Complete Short Story By Master Writer Every Sunday For Year.

The Birmingham News, at enormous expense, has just obtained the rights to the largest fiction "scoop" ever secured by American newspapers. Beginning Sunday, September 21, The News will print every Sunday for a year a complete short story by a master writer of American fiction. Each story will be brand new, never before published anywhere, and each will be beautifully illustrated by an artist of standing and reputation. Each story will be written by a man who has never before written for a newspaper. Newspapers have printed stories written by these men before, but they have all been stories that had appeared in magazines. All of these writers' first work has been published in the high-priced magazines, but The News, in conjunction with a limited list of the leading papers in America, has obtained the first publication rights to fifty-two stories, each one different from the others, each one a masterpiece.

The first story will be printed Sunday, September 21. It will be written by Will Payne, and its title will be "Providence." Some of the others now ready to be announced are:

Sept. 28, "The Voice in the Dark," by Holworthy Hall.

Oct. 5, "Sydney of Red Mountain," by Vingie E. Roe.

Oct. 12, "Now," by Frederick Orin Bartlett.

Oct. 19, "Identified," by Richard Washburn Child.

Oct. 26, "Arabella Dart, Man Hater," by Elizabeth Jordan.

Nov. 2, "The Bridge," by Jennette Lee.

Nov. 9, "Green Lanterns," by Mary Synon.

Nov. 16, "Levy," by Bruno Lassing.

Nov. 23, "The Curse of a Thousand Kisses," by Sax Rohmer.

Nov. 30, "Lover's Reckoning," by John Fleming Wilson.

Dec. 7, "Perdita," by Dana Gatlin.

Dec. 14, "You Can't Tell," by Clarence Buddington Kelland.

Dec. 21, "Her Only Husband," by Fanny Heaslip Lea.

Dec. 28, "The Legacy of Ebenezer Chance," by E. Phillips Oppenheim.

Jan. 4, "The Picture Maniac," by E. Phillips Oppenheim.

These and many others written by authors as famous, some of them even more famous than any of these, will make The Birmingham News the greatest fiction medium in all the South for the next year.

If you are not already a subscriber to The News, order it now either from your local newsdealer, or direct from the Circulation Department of The Birmingham News.

The News will be delivered to you by carrier seven days a week for 20 cents a week, in the territory served by carriers.

The mail subscription rate on rural routes and in towns where there is no carrier delivery service, daily and Sunday, one month 85c; three months, \$2.25; six months, \$4.50; one year, \$9.00.

The Sunday edition only will be mailed you, single copy, 7 cents; three months, 75 cents; one year, \$3.00.

All mail subscriptions payable in advance.—Adv.

Cryptic Cable.
For smartness the following will be hard to beat: A well-known personage in Devonshire, England, received a cable from his soldier son in Mesopotamia containing only three words: "Two John twelve." After much puzzling the meaning dawned upon him. Taking down his Bible he turned up the Second Epistle of St. John and read the twelfth verse, which runs as follows: "Having many things to write unto you, I would not write with paper and ink, but I trust to come unto you and speak face to face, that our joy may be full." His son was on his way home to England.

Bridegroom Grows in Importance.
The war has given the bridegroom a significance he never before possessed. Formerly wedding notices were devoted to the bride, her trousseau, her bridesmaids and her family. The bridegroom was mentioned only incidentally, if at all. By reason of his rank, he has become one of the most important persons in the alliance.—Philadelphia Public Ledger.

Next.
"It may seem a little strange, said the facetious feller, 'but ice is a lot smoother before it is shaved.'"

TRACK INSPECTOR NOW FEELS LIKE BOY OF TWENTY

His Stomach Was So Sore He Couldn't Fasten His Vest—Feet Were Numb and He Had Headaches.

Mr. Samuel B. Davis, a track inspector for the Scotch Lumber Company, Clark County, Alabama, says: "Before I began taking Sulfuro-Sol I was what you might call a physical wreck. Now I feel like a boy of twenty. When I commenced taking this wonderful remedy I had been in a jaded condition for a long time. My health was run down, my stomach was in a bad shape and I could not digest my food. My stomach was so sore I could hardly button my vest. My feet and legs were numb most of the time. I would wake up with cramps at night and I was continually troubled with headaches. My feet and hands would break out with scaly blisters. Since I began taking Sulfuro-Sol these troubles have been entirely stopped and I feel like a boy of twenty, although I am more than twice that age. I think it is a miracle the way it has built up my health and relieved my pains and suffering."

Sulfuro-Sol relieves diseases of the stomach and digestive system. Dyspepsia and indigestion respond to it. It produces astounding results in cases of Rheumatism, Uric acid poisoning, Eczema and other diseases of the skin, blood and nerves.

If you are afflicted with any of these troubles you should get a bottle of Sulfuro-Sol from your druggist at once.

\$1.00 per bottle; 6 bottles for \$5.00. Sulfuro-Sol Co., Montgomery, Ala.

MESSRS WOOD AND MALONE DINNER HOSTS

For the Jones-Penick wedding party, Messrs Joe Wood and Asbury Malone entertained at dinner at the Hotel Lyons last evening. Covers for a party of twelve were laid on a table beautifully appointed and centered with a floral basket of varied colored fall roses. Corsages of roses marked the places of the girls and buttonnieres the men of the party. The personnel was Misses Anne Jones, Pansy Russell, Mary Penick, Evelyn Blackwell, Margaret Penick, T. M. Jones, Jr., J. W. Jones, Mrs. E. J. Polhill, Joe Woods, Asbury Malone, Bob Jervis, Paul Brown. The little bride-elect was pretty and sweet as could be in a dress of flesh colored georgette, her merry eyes peeped from under a big black picture hat. The dinner was a many course affair and the progression grew more and more delightful, for the party was thoroughly congenial—just boys and girls.

FIRST WARD SCHOOL IMPROVEMENT LEAGUE

The First Ward School Improvement League met this week and thoroughly cleaned the building after the redecoration of the walls. They are justly proud of this effort that has met the cooperation of the parents of the ward. On Wednesday afternoon at six o'clock the League will serve a supper to the fathers of the children at the school building. The next week they are to meet at the home of Mrs. C. D. Hardeman to make sash curtains for the windows of the building, this is to be a spend the day affair. There will be a social feature to this and there is no way of telling how many plans will be made for future execution. This is certainly a grand work.

TWENTY-FIFTH ANNIVERSARY

Mr. and Mrs. Henry Pappenburg were agreeably surprised last evening by a number of their friends, the occasion being their 25th wedding anniversary. The Ladies' Auxiliary of the Lutheran church, together with other friends, met at the residence of Henry Nebrig and repaired in a body to the home of the honorees. Congratulatory address was made by Rev. J. T. Heisermann, presentation address by Geo. Feyerabend. Reminiscences of days gone by, games, and general sociability made the evening most enjoyable. Mr. and Mrs. Pappenburg were presented with many beautiful and appropriate remembrances.

Mrs. C. V. Dupont will go to Bowling Green, Ky., this week to visit relatives.

DR. W. D. POWELL HAS STRANGE FRUIT

"It was not more than thirty minutes after I read Mr. J. J. Solomon's ad. in the Daily until I practically had his former home on 7th Avenue West bought," said Dr. W. D. Powell, who has recently moved with his family, consisting of Mrs. Powell and Miss Ethel Powell, into the Solomon residence.

"I make it my business to read carefully the daily papers, and especially the one printed in my own town," continued Dr. Powell.

When the Doctor was asked what the large sized fruit was, he held in his hand, that looked like a mammoth green persimmon, he said, "Why, that is an 'Aquatate.' It is the butter fruit of the Mexicans. When I was a missionary for so many years to that country, my taste for this fruit grew with the years."

"Let me show you how it tastes," said the Doctor, and suiting his action to his words, took a knife, cut the fruit into small bits and placed them between two thin slices of graham bread. Those who tried the Mexican butter fruit declared that it was quite as greasy as butter and that the flavor was very much the same. Dr. Powell explained that the fruit was sent to him from Mexico, when he was recently in Gulfport, Miss. He said that owing to the fruit being perishable, little of it was sent to the U. S.; that in Mexico it grew very plentiful, and with bread it furnished a nourishing and sufficient diet with nothing else added. It is the Doctor's belief that when quick air service is established between this country and Mexico, that large quantities of the Aquatate will be placed on our markets and thus materially reduce the high cost of living.

Missionary Society First M. E. Church

The Missionary Society of the First M. E. church, Decatur, held an all day meeting with Mrs. W. N. Hall Monday, Sept. 22. The home was very attractive with bowls of cut flowers in the library and living rooms. The morning devotion was led by Mrs. W. A. Brown, the afternoon devotion by Mrs. G. A. Rogers. The Mission study—"Women Workers of the Orient"—was given by Mrs. D. D. McGehee in a very interesting way and enjoyed by all. The next all day meeting will be with Mrs. Clyde Hendrix.

Grand Matron O. E. S. will hold a school of instruction Wednesday afternoon at 3 o'clock and at eight o'clock in the evening at the Masonic Hall.

(Signed) Ruby Jones, Secty.

Mr. and Mrs. W. R. Smith returned this morning from Cincinnati, where they were called by the death of Mr. Jas. Mooney, the uncle of Mrs. Smith.

Mrs. Elmer Moles, of Albany, is visiting her grandfather, Mr. J. C. Holsapple.—Florence Daily Times.

PERSONALS

R. L. Penick and Mrs. John Cochran of Montgomery are guests in the Penick home for the Penick-Jones marriage.

W. A. Cook of Talladega is with Mr. and Mrs. E. N. Penick for the wedding of their daughter, Margaret.

Percy Grainger, the great pianist, after an absence in service of the United States Army, will return to the concert field this season in a coast to coast tour.

E. S. Blizzard is spending a two weeks vacation in St. Louis, Muskogee, Oklahoma, and other cities in the latter state.

Claud Cardozo of New York is in the city calling on the gentlemen's neckwear trade.

NATIONAL HEROES OF FRANCE

Lazare Hoche and Ferdinand Foch Are Names to Be Forever Held in Grateful Memory.

Marshal Foch is taking a particular satisfaction at this time of the consummation of a great victory to pay homage to the name of Lazare Hoche, the famous young general who escaped the Revolutionary guillotine eventually to command that army of the Saumbr-et-Meuse which, though at first disorganized, badly fed and badly equipped, performed the brilliant seven months' campaign which established the reputation of French arms on both sides of the Rhine. To this day at Weissenthurm stands a monument to its memory and that of its brilliant young chief. No wonder Marshal Foch takes pleasure in recalling Lazare Hoche to his countrymen. Of Hoche it is said that he once proudly wrote to the minister for war of his day, "Je suis la patrie." The French of the present century would throw up their hats at such a sentiment as enthusiastically as the contemporaries of Hoche and Rouget de Lisle. With the great mass of them, though they do not perhaps express it so tersely, Foch is "la patrie" in the sense that he certainly stands for them as "la Victoire" personified.

High Heels Lessen Vitality.
High heels prevail in spite of the promise of something wiser in build coming into popular favor. Yet, to quote a well-known doctor: "No woman pretends that she is comfortable when wearing high heels nor can she hope to be graceful when wearing them, for the body is thrown out of poise and the action of the feet is restricted. More serious than her awkwardness is the eventual injury to her health. For in the effort to preserve her equilibrium the shoulders are thrown forward, depressing the chest; breathing is interfered with, and that means poorer blood and a final decrease in vitality. This comes gradually, but it is inevitable when a woman persists in wearing very high heels. Her heels should conform to the arch of her instep."—Exchange.

Use for Surplus Munitions.
An interesting suggestion has been made by a prominent Swiss meteorologist and physicist, M. de Quervain of Zurich, to the effect that the vast stores of munitions collected in the belligerent countries during the last four years be utilized to advance the cause of science instead of being merely fired off to make a Roman holiday, or else sunk in deep waters to avoid the latent dangers which reside in them. By detonating these explosives in definite quantities, at definite places, and at definite times whose dates are announced in advance, a possibility would be presented for the solution of many interesting problems in physics and meteorology. The project might advantageously be carried out in this country.

He Won't Drop Dead Any More.

"My husband suffered terribly from stomach and liver trouble, which caused such bloating of gas as to seriously affect his heart. Doctors warned him that he might drop dead at any time from this trouble. A friend in Cleveland advised him to take Mayr's Wonderful Remedy, and since taking it, 4 months ago, he is feeling like a young man again. All his friends are surprised at his appearance." It is a simple harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded.

Sold by S. M. Thompson in Albany and Owl Drug Co. in Decatur and druggists everywhere.—Adv.

You Don't Need Pictures to Buy Clothes

Any good artist can make a \$10 suit look like a \$90 suit. All he needs is paint or ink.

We are running a clothing store, not an art gallery. We use pictures occasionally but nothing tells you so quickly as slipping into a Fruhauf before a mirror.

You see what it looks like and you feel the comfort. No picture can do that.

Hand tailoring exclusively in a Fruhauf, costs no more than the sewing machine kind but it looks better, feels better, and retains its shape until worn out. \$40, \$45 and \$50, exclusively here.

New Fruhauf Suits and Overcoats Just Arrived. They are the product of real garment makers who know how to make Clothes sensibly priced

MANHATTAN SHIRTS

Just received a large shipment of this famous shirt. New patterns and new cloths; absolutely fast colors. They never shrink—stay good 'till the end.

WALTER L. MAIN CIRCUS
GOOD AND CLEAN SHOW

(The Kane Republican, Kane, Pa. Tuesday Eve. May 7, 1918.)

The Walter L. Main Shows arrive here this morning. The long train of cars loaded with handsome wagons and 200 horses, as it was being unloaded, had many admirers. The Main circus has not been in Kane for a decade, but many remember it on account of its unusual good performance and managerie.

This year the management of the Walter L. Main Shows have spared no money in procuring the best.

The streets were filled for the parade at noon and none were disappointed as they were many wonders of amusement, etc. The performance this afternoon was way above the standard and the tents were packed. Twenty-seven high class acts are on the program and there never is one dull moment. The army of clowns who keep the kiddies and you constantly laughing, were always in the rings or hippodrome track. Dottie Snyder and her herd of elephants were quite a feature, as were the Daly Bros., acrobats; the champion bareback somersault riders of the world, the De-Motts, Hollis and the Wallets.

There will be another performance this evening, doors opening at 7:30, and reports from other towns where the Main show has exhibited say that the night shows are not cut, but given just as presented in the afternoon. The Main show is good and whenever it comes to Kane is sure of packed tents.

PATHE FULFILLS SERIAL PROMISES—STAR THEATRE

Pathe is fulfilling its promise to make its serial program for 1919 the greatest in its history. Western Photoplays, Inc., has just completed a new serial entitled "The Great Gamble," co-starring Anne Luther and Charles Hutchison. "The Great Gamble," which will be seen at the Star theatre on Wednesday of each week, is by Joseph A. Golden who also directed the picture. Mr. Golden also directed and produced the recent Pathe serial success, "Wolves of Kullur," in which Mr. Hutchison, Leah Baird and Sheldon Lewis were featured.

MAJESTIC MERRY MAKERS
AT MASONIC THEATRE

The Majestic Merry Makers, composed of eleven clever artists, culled from the vaudeville and musical comedy fields, will open a four days engagement at the Masonic beginning Wednesday night.

The company is headed by Miss Doris Greenwald, said to be the fastest four feet of singing and dancing soubrette playing the circuit, ably assisted by Walsh, Benton and Dorr.

Dr. Buchi Praises Meadors' Antiseptic

Says He Never Knew of a Case of Inflamed Eyes, Old Sores, Cuts, or Burns, That Has Not Been Successfully Treated When Meadors' Antiseptic Was Used.

"I consider Meadors' Antiseptic a remedy of more general merit than any medicine I have ever sold in my experience of selling drugs," says Dr. H. A. Buchi, Sand Drug Store, Nashville, Tenn. "I have never known of any old sores, cuts, burn, or anything of like nature that has not been successfully treated when Meadors' Antiseptic was used. Through my knowledge there have been many cures effected with this meritorious remedy where ordinary remedies have failed. It relieves suffering from burns instantly, and a few applications will stop a most threatening case of tonsillitis." Get it at your druggist in 50 and \$1.00 size bottles.

MEADORS' ANTISEPTIC CO.
Sole Mfrs. Nashville, Tenn.

isted by Walsh, Benton and Dorr three big time vaudeville comedians whose sole object in life is to make people laugh. New songs and dance special scenery and lighting effects are offered and with a dancing chorus of 8 lively girls, will no doubt prove to be a good evening's entertainment. The company comes direct from the Orpheum theatre at Nashville where all records for attendance were broken during their engagement. Several surprises are promised by the management during their stay here.

The usual feature pictures will be shown in conjunction with the vaudeville.

A special children and Ladies' matinee will be given Saturday. A change of program will be in evidence every night. The opening bill is called "The Great Handicap" and shows the company in full strength.

HOMESICK FOR ARCTIC SNOWS

No Affection About the Longing for Far North That is Experienced by Explorers.

If you are of ordinary health and strength, if you are young enough to be adaptable and independent enough to shake off the influence of books and belief, you can find good reason to be as content and comfortable in the North as anywhere on earth.

If you remember that all of us who have spent more than a year "living on the country," are quite of the Eskimo opinion that no food on earth is better than caribou meat, and if you have any experience in your life as a hunter anywhere, you will realize that in the evenings when we sit in these warm snow houses, feasting with keen appetites on unlimited quantities of boiled ribs, we have all the creature comforts.

What we lack, if we feel any lack at all, will be possibly the presence of friends far away, or the chance to hear opera or see the movies. At any rate, it is true that today in the movie-infested city I long for more snow-house evenings after caribou hunts as I never in the North longed for clubs or concerts or orange groves. And this is not peculiar to me. The men who have hunted with me are nearly all of the same mind—they are either in the North now, on the way back there by whaling ship, or on their hearts out because they cannot go.—Vilhelm Steffansson in Harper's Magazine.

Beware of Compromises.

One temptation in making difficult decisions is to compromise. You aren't sure which way is the best, you seek to combine the advantages of both, and many a time merely combine all the disadvantages. To be sure, there are times when a compromise is the wisest course, but there are just as many times when it is cowardice and weakness. How can one tell which times are which? Well, that is simply another decision for you.

Consolidation Advantages Shown In Age-Herald

(Continued from Page 3.)

wide, is a story in itself.

These three men who had vision, obtained an option on the land adjoining Decatur, and employed a landscape gardener, who did such a good job that Albany today, is next to Pasadena, California, the best laid off city in the United States. The Decatur Land, Furnace and Improvement company bought the land; factories of many kinds sprang up along the river bank of New Decatur (as the addition was named), the L. & N. R. R. company put in shops, (which are there today); Decatur would have been a Birmingham before now but for fate.

In 1888 yellow fever was rampant in our country from New York to New Orleans. Decatur got her dose. The northern capitalists and northern operatives quit cold and—more's the mark—did not come back.

Decatur and her child—Albany—have never recovered from that act of fate.

They have grown, that was inevitable.

None but a mining town ever retrogrades.

The rich Tennessee valley has made Decatur and Albany a city (or cities) of over 20,000 souls and there is so great world-pressure for foodstuffs and clothing will double her population.

That is only 40,000.

Why not 250,000?

The Estrangement

Because the mother and child are estranged.

While here I have talked to all sorts and conditions of men, and I say right here that out of over 200 (from bankers to day laborers) I have only found seven who flat-footedly said they were opposed to consolidation. That word consolidation doesn't seem right to me. I think that "renaturation" would be better.

Apropos. Colonel Harris, whose word no man will doubt, told me that when the addition was laid out and named New Decatur it was the intention of all to bring the suburb under the mother's wing when it was big enough.

A new business district grew in the suburb, and—Decatur is Decatur—Albany is Albany.

That is the foolishness which is depriving the people of Decatur-Albany of their heritage.

Just think of it!

Two great trunk lines of railroad, a navigable river which will carry right through to New Orleans after the Muscle Shoals dam is completed; mountains of ore, the finest porcelain clay—I have seen chinaware made from a few pounds of it sent to Wedgwood for a test; oil close to Decatur—I have skimmed crude oil from a spring two miles west of town; a possibility of a federal constructed wagon bridge across the Tennessee river; cheap white coal from the hydro-electric plant at Muscle Shoals; only 40 miles distant; 170,000 acres of pine and hardwood forest reserve in the adjoining county, yet capital is laid about starting factories in this Dorado.

True, some are going in. The silk mill at Albany is such a success that it is building a larger mill at Decatur and will double the size of the present one.

Old Soldier Testifies to Wonderful Merits of Number 40 in Constipation, Stomach Trouble and Catarrh.

National Home, Wis., May 12, '19
"When I commenced taking Number 40 For The Blood, I was suffering with chronic constipation of a good many years standing, which finally developed into stomach trouble which got so bad I was unable to eat anything that did not cause great suffering. I tried a good many doctors as well as everything I could hear of that was recommended for my complaint. I was also troubled with catarrh of long standing and I had dropsical swellings in my feet and ankles which the doctors said was caused by a weak heart. I had about given up hope of being much better when I saw an ad. of your No. 40 in a country paper and concluded to try it. I felt so much better after taking one bottle that I sent direct to you for three more bottles. I have taken about two and a half bottles and while not feeling entirely well, I feel by continuing the use of No. 40, I will get to feel as well as I could reasonably expect for a man of my age, 75 years. I hardly know how to estimate the value of the benefit I have already received from the use of No. 40, and cheerfully recommend it to any one suffering as I was." Morris Law. Witness to signature, Nelson H. Pease. No. 40 is a combination of the best alterations selected from the best prescriptions received and compounded by J. C. Mendenhall, Evansville, Ind., 40 years a druggist. Sold by Preuit-Dillehay Drug Co.—Advertisement.

nt one, when it will employ 300 instead of 80 hands, as at present.

I was informed by an Albany real estate dealer that not long since he had nearly concluded a deal which would have located a large chair factory in his town, but when the officers of the company learned of the factional strife they called the deal off, the president saying that he was not buying into a fuss.

Leading Men Deplore It

Leading men have deplored this condition. The same life current of business flows through both towns, they draw their trade from the same territory; their citizens work in one and live in the other indifferent to their lives and activities are chronicled by one daily paper—the Albany-Decatur Daily; their streets, water, light and power system; no one; there is no city wall or picket line to make difficult the courtship of Romeo of Albany and Juliet of Decatur or vice versa; the Tennessee river leaves the foot of each and votes not which is Decatur and which Albany; in fact, there is really only one city with two municipal governments and two names.

A bill has been passed by the present legislature of Alabama which will give the people of the two cities an opportunity to consolidate if they so desire. The majority so desire, but the politicians who have so far kept them apart now seek to begot the issue with the question, "What name shall the consolidated town bear?"

A prominent merchant who has stores in both cities say this reminds him of the engaged couple who one evening drifted into a discussion of proper names. She announced her preference for "Cyril Plantagenet." He said that any boy of his should be named "John." They quarreled over the matter, parted and never had the opportunity to name the boy of their imagination.

While some politicians are wrangling Decatur-Albany is quietly growing, her population now being over 20,000. Her enterprising bankers and real estate men are helping the planters to diversify their products. Her factories and wholesale houses are spreading her trade over larger territory. She has the largest retail trade of any city between Memphis, Nashville, Chattanooga, and Birmingham. New buildings are being erected, old ones are being remodeled. The whole city seems to be on tiptoe in readiness to "go over the top" when consolidation is an accomplished fact and the energy which is now in part dissipated in factional fighting will drive in one common direction to make the city one of a quarter of a million souls.

A Nervous Wreck

For the woman who has become "a nervous wreck," because of the physical ills peculiar to women there's relief and restoration to health and happiness in an old family doctor's prescription used in his practice for half a century to help suffering women and safeguard young girls.

STELLA VITAE
For WOMEN

Mrs. Parale Frazier, Longview, Tex., said of STELLA VITAE: "I cannot say too much for this wonderful medicine. I had taken other female medicines for two years with no good results. I am truly grateful for STELLA VITAE." Mrs. J. F. Lee, Milford, Ga., had female complaint for years. "Three bottles of STELLA VITAE cured her, she said, and added, 'I am certainly thankful for this great female tonic.'"

Sold by your druggist upon agreement that if the First Bottle fails to benefit, money will be refunded. THACHER MEDICINE CO. Chattanooga, Tenn., U. S. A. 19

"BAYER CROSS" ON GENUINE ASPIRIN

"Bayer Tablets of Aspirin" to be genuine must be marked with the safety "Bayer Cross." Always buy an unbroken Bayer package which contains proper directions to safely relieve Headache, Toothache, Earache, Neuralgia, Colds and pain. Handy tin boxes of 12 tablets cost but a few cents at drug stores—larger packages also. Aspirin is the trade mark of Bayer Manufacture of Monoaceticacidester of Salicylicacid.—Advertisement.

1919 ANNOUNCEMENT

Many important things have happened since our 1918 Fall Announcement was made. Most important of all, the great war which was raging at that time has been won, and the gallant boys who left our shores to do battle for us have returned and we are all happy again. We had more rain the past season than was ever seen at that time of year and at times the prospect for a crop was gloomy indeed. However, our people fought the grass as the boys did the Germans and we won out and a fairly good crop is in sight. Now as the winter season approaches and you think about your winter supplies we want the firm of Hughes & Tidwell to be uppermost in your mind and the prices which we quote you below we hope will appeal to your good judgment, for we positively know that not in one instance are we profiteering. Read our prices carefully:

MEN'S AND BOYS' SWEATERS

Heavy Cotton Sweaters for men.....\$2.00
Same for boys.....\$1.25

RANGES AND COOKING STOVES

We sell both Charter Oak and Simmons Ranges at the old price. We bought them a year ago:
Charter Oak, 6-eye warming closet.....\$55.00
Charter Oak, 6-eye warming closet (cast).....\$65.00
Leader (Simmons) 6-eye with warming closet and reservoir.....\$50.00
Without Reservoir.....\$45.00
Charter Oak, 6-eye warming closet and reservoir.....\$75.00
Large Irondale Cooking Stove, 4-eye.....\$30.00
Large Simmons Cooking Stove, 4-eye.....\$22.50

FARM WAGONS

We sell Mitchell, Studebaker, Bain and Stroughton wagons, and have enough in stock to supply your wants at the present. We are from \$10.00 to \$25.00 cheaper on wagons than any of our competitors.

2½ wagons, complete with bed, brake and seat.....\$132.50
2½\$137.50
3\$140.00

CULTIVATORS

We sell the Pilot Cultivator, which is the best one sold in the U. S. A. It has all the attachments that other cultivators have, and in addition it has a stalk cutter attachment which will cut your stalks as well as the highest priced stalk cutter. The above cultivator with disc attachment.....\$75.00
The above cultivator with disc and spring tooth attachment.....\$90.00
With disc, spring tooth and plow attachment at.....\$105.00
And with all the above and stalk cutter attachment.....\$125.00

SECTION HARROWS

50-tooth Harrows.....\$23.50
60-tooth Harrows.....\$25.00

GRAIN DRILLS

Coles' three-row Grain Drills.....\$20.00
Coles' three-row grain drills, with fertilizer attachment.....\$25.00

STALK CUTTERS

Avery and International Stalk Cutters.....\$30.00

BOYS' WAGONS

A wagon just like dad's.....\$10.00

ROOFING

The Tiger Brand Roofing is the toughest and best one on the market. We bought more heavily than our demand warranted, and have a large stock on hand and to reduce our stock we offer at a price lower than we can replace it.

1-ply Tiger Roofing, per square.....\$2.00
2-ply Tiger Roofing, per square.....\$2.25
3-ply Tiger Roofing, per square.....\$2.50

We have the biggest and best line of ladies' and children's coats and ladies' suits which we have ever carried. We have so many styles and prices that we could not attempt to name them all, but if you will let us show you this line we can convince you that our prices and goods are right.

Canvas Back, Leather Palm Work Gloves

We own about 50 dozen of the above gloves and own them at a price. We offer them while they last at the pair.....40c
and they are worth twice the money

MEN'S SUITS

Heavy wool suit, good material and well made, the low price of.....\$9.98
The best blue serge suit in this or any other town, a suit that is well worth \$40; we own them, so we can sell them for.....\$25.00
The new style suits for swell dressers, in all the newest patterns and weaves. We guarantee to save you ten dollars on them if you buy from us.

SPECIAL FOR A SHORT TIME ONLY

We are going to offer for a short time some exceptional bargains. You will know they are bargains when you read this:

Men's best grade Blue Overalls at the extremely low price of.....\$2.25
Men's heaviest Cheviot Work Shirts, made full, and the best one on earth for the money.....\$1.25
Yard wide Sea Island Brown Sheeting, which weighs about 5 ounces to the yard; is as smooth as the best bleaching, and could not be bought from the mills for less than 24c, but for a short time we are going to sell at the unheard of low price of per yard.....20c

The merchants would be glad to get these goods at the prices we quote, but we have heard so much about the high cost of living that we are going to do our part in reducing it for a short time at least.

We will not sell more than 25 yards of sheeting to any one customer.

MEN'S DRESS AND WORK SHOES

Men's full stock Brogan Shoes at the extremely low price of.....\$2.50
Heavy all-leather work shoes for men, at the extremely low price of.....\$4.00
Men's chrome leather sole, full leather throughout, and a shoe that will stand the hardest wear. This shoe is today worth at least \$8.00. We offer them in both black and brown leather.....\$6.50
Full leather lace boot in tan only; a boot that is well worth \$10 a pair, we offer them at.....\$8.00
Duck Back Shoes for men (plain toe), worth \$8.50; our price.....\$6.00
Blizzard Calf Shoes for men, worth \$8.50; our price.....\$6.00
Men's Munson last (army shoes) the all-leather kind, and the same shoe that the boys wore; worth on today's market \$10, our price.....\$8.00
Hamilton Brown, American gentlemen dress shoes, in vici and gun metal, worth today not less than \$8.50, our price on these goods.....\$6.00
Endicott Johnson, gun metal bal (English).....\$7.50
Endicott Johnson, Russian calf (English).....\$8.50

BOYS' SHOES

Boys' Munson last (Army Shoes), same leather as the men's shoes and they run to size 6.....\$4.50
Boys' gun metal shoes, extra good, at.....\$3.50
Boys' Chrome leather Shoes, same as those described for men.....\$5.00

LADIES' DRESS SHOES

Hamilton Brown, ladies' high boots, in both black and brown leather.....\$6.50
Ladies heavy shoes in both gun metal and box calf for fall and winter wear. These are the all-leather kind at.....\$3.50, \$4.00 and \$4.50
We have a few shoes cheaper than the above but we do not recommend them very highly, and would advise the purchase of the better kind.

OVERCOATS

We have a special bargain in a black overcoat at.....\$15.00
This is an all-wool coat and could not have been bought for less than \$15.00 when goods were much lower than they are today.

RAIN COATS FOR MEN AND BOYS

Full length slickers that are guaranteed to turn the rain.....\$5.50
Riding Slickers that are guaranteed to turn the rain.....\$6.00
Tan cloth Raincoat, medium weight.....\$5.00
Heavier weight coat.....\$7.50
Double texture coat that is guaranteed in every respect, and is heavy enough for any weather; worth \$15.00, we sell them.....\$12.50
Boys' raincoats that do the work and turn the rain.....\$4.50

Heavy novelty mixed goods.....\$8.50
Boys' corduroy suits, splendid quality.....\$9.00
Waist line model (cashmere) up to age 18.....\$12.50

MEN'S WORK PANTS

Kentucky Jeans Pants, a splendid value.....\$3.00
Corduroy Pants.....\$5.50

DRY GOODS

Heavy bleached domestic, 36-in. wide, yard.....25c
Good as gold, bleached domestic, 36-in. wide, yard.....30c
Best brand of dress gingham, full line of patterns, yard.....30c
Best brand of outing, yard.....30c
Best brand of apron gingham, yard.....25c

BLANKETS

Heavy cotton blankets, full size, per pair.....\$3.00
Heavier cotton blanket with wool nap, pair.....\$5.00
Wool blankets, extra large, per pair.....\$9.00

Some time ago we bought the stock of goods of Henry Papenburg. This stock consisted of something like one million articles. It would take a paper the size of the New York World to enumerate all the goods which we bought from him. These goods can be bought at prices which prevailed in the olden days and as the stock was mostly hardware and chinaware, it is of course just as good now and in many instances better than new goods.

Do not fail to make our store your headquarters while in this city. We will be glad to see you. Leave your packages at our store. Drink at our Sanitary Drinking Fountain. No danger of getting any germs if you do all your drinking at this fountain.
